3. Repeat until you have nine 3mm rounds. Join ends to form a ring by stringing on a 4mm bicone, needle through first 3mm round. String on a 4mm bicone and needle through last 3mm round.

Exit needle from a 4mm bicone.

4. String on a 4mm round, 6mm round, and 4mm round. Loop through same 4mm bicone and exit first 4mm round.

5. String on a 6mm and 4mm round. Needle through next 4mm bicone creating a loop. Exit needle from next 4mm bicone.

6. Continue around and join by adding a 6mm round and exiting out of that same 6mm round.

You have completed one side of the wreath. Flip over to continue.

7. String on a 4mm round and through corresponding 4mm bicone. String on another 4mm round and needle through original 6mm round. Exit from adjacent 4mm bicone. Continue around.

8. String on 13 seed beads. Skip next 4mm round and needle through next 4mm round from the inside out.

9. Continue around.

10. String 2 glass pearls and needle through same 4mm round bead.

11. Add another glass pearl and loop together with other two pearl beads. Anchor by needling through 4mm round bead again.

12. Needle thread up through 4mm round (red bead). Add 4mm round and six 3mm round. Needle thread through 4mm round to create bail. Needle thread through 4mm round to reinforce. End threads with half hitched knots in several locations and trim thread.

Add a pin back instead of beaded bail to make a pin instead. - Enjoy!
