chain stitch
slip stitch

1. Using a large eye needle, string at least 2 feet of seed beads on crochet thread. Do not cut thread from spool.

Form a slip knot.

2. Create a series of chain stitches long enough to form a loop for your button.

3. Your stitches should look something like this.

4. Insert crochet hook in first chain stitch. Create a slip stitch to form closure loop.

5. Pull slip stitch through and make one chain stitch before incorporating beads.

6. Slide a seed bead down in preparation for a chain stitch.

7. Create a chain stitch around seed bead. Next, create a plain chain stitch.

8. Repeat step 6 and 7 until you have reached your desired length. It should look something like this.

9. When you have reached your desired length, create about 6 plain chain stitches.

10. Create 6 slip stitches using the 6 chain stitches as the foundation. This will be used as the foundation to stitch your button .

11. Create a chain stitch and then repeat steps 6 and 7 until you've reached the other end. Join second strand to the chain stitched loop end by creating a slip stitch at the base of the loop.

Crochet back to the other end of necklace using steps 6 and 7.

Sew button on crochet tab using crochet thread or beading thread.

Create a series of chain stitches as the bail for the pendant, much like the loop for the closure.
